

**Hydraulic Hollow / Solid &
Paving Block Making Machine**

Fully Automatic Hydraulic Hollow Block Making Machine MODEL No. S 10

Horse Power : Hydraulic 10 HP Vibrator 1.5 HP (2 nos) Tapper Conveyor 2 HP,
Down Conveyor 1 HP, 300 kg Pan Mixer 10 HP Total 26 HP

Cylinders : Ramming 3 Nos, Box 3 Nos, Feeder 1 No. Wooden Pallet Conveyor 1 No.
Total 8 Nos.

Auto Pallet Function for Hydraulic

Filling Ejection Automatic Hydraulic

Production : 2 stroke per minute

8" block - 5 blocks / stroke, 600 blocks / hour, 4800 blocks / 8 hr shift

6" block - 6 blocks / stroke, 720 blocks / hour, 5760 blocks / 8 hr shift

4" block - 10 blocks / stroke, 1200 blocks / hour, 10000 blocks / 8 hr shift

Tank capacity of Hydraulic oil - 200 ltrs.

Feeder Box 1 No.

Electrical PLC Control Panel

Total weight : 4250 kgs.

Operating Pressure 220 Bar (50 Ton)

Mixing Rough Material: From Mixer Machine to Conveyor - through conveyor to Storage Box - storage box to feeder and then to auto ram and box.

Manufactured & Exported by :

SABIN ENTERPRISES®

Manufacturers and exporters of Construction Machinery & Equipments

28, 3rd Floor, Sucheta Niwas, 285 SBS Road, Fort, Mumbai - 400 001.
