

**Hydraulic Hollow / Solid &
Paving Block Making Machine**

Fully Automatic Colour Paver Block Making Machine Model No : S9

In order to ease production of colour paver blocks and to make optimum output, Sabin India has introduced a fully automatic paver block making machine to produce coloured paver as desired

Salient Features :

- Cylinders :
 - Ramming 1 No
 - Box 2 No
 - Feeder 2 No
 - Wooden Pallets Conveyors 1 No
- Auto Pallet Function for Hydraulic
- Production : 2 stroke per minutes :
 - 4/4 Blocks per stroke :
 - 120 stroke per hrs 960 stroke for 8 hrs
 - and 7680 nos of pavers per 8 hrs shifts
- Tank Capacity of Hydraulic Oil - 400 Ltrs
- Electrical PLC Control Panel
- Total Weight : 3500 kgs
- Horse Power :
 - Hydraulic 10 HP
 - Tapper Conveyor 2 HP
 - Mixer Machine 23 HP
- Filling - Ejection : Automatic Hydraulic
- Mixing Rough Material :
 - From Mixer Machine to Conveyor-
 - Through conveyor to Storage Box -
 - storage box to feeder and then to auto ram and box
- Double Layers Feeder Box
- Operating Pressure 220 Bar (80 Ton)

Manufactured & Exported by :

SABIN ENTERPRISES®

Manufacturers and exporters of Construction Machinery & Equipments

28, 3rd Floor, Sucheta Niwas, 285 SBS Road, Fort, Mumbai - 400 001.
