

# Magnetic Ground Clamp With Large Contact Area

Magnetic Ground Clamp with Large Contact Area requires 400 Amps/ 300 Amps power for operation. The Ground Clamp is available in full aluminium body and ensures easy installation and removal. The Ground Clamp comes under the model number ECMAG40M, has strong gripping power. Magnetic Ground Clamp with Large Contact Area used in welding as well as construction sectors and comes in a size range of 70 sq mm.

Mehta Sanghvi & Co is the manufacturer of Magnetic Ground Clamp with Large Contact Area. Mehta Sanghvi & Co. offers wide range of welding equipments and accessories that include MIG torches, electrode holders, cable connectors, earth clamps or ground clamps, rotary ground clamps, chipping hammers as well as cutting systems, safety equipments, heating systems, gas regulators and manifolds.

Magnetic Ground Clamp with Large Contact Area has the following features:

- Requires temperature range of 400 Amps/ 300 Amps
- Comes in a size range of 70 sq mm
- Full aluminium body
- Comes in rectangular/ Round shape
- Easy installation and removal
- Less over heating due to fewer junctions
- Strong gripping power
- Large contact area
- Widely used in welding/ construction sector
