

Heavy Duty Rotary Ground Clamp With Brass Body

Heavy Duty Rotary Ground Clamp with Brass Body is available in a range for 500 Amps to 1000 Amps. The Rotary Ground Clamp delivers efficient grounding of rotating object and ensures easy connectivity to welding fixture. The Rotary Ground Clamp of model number ECR 1000-2 is available with one/ two cable connectivity facility. Heavy Duty Rotary Ground Clamp with Brass Body comes with tension spring to ensure maximum contact between conducting surfaces.

Mehta Sanghvi & Co is the manufacturer of Heavy Duty Rotary Ground Clamp with Brass Body. Mehta Sanghvi & Co. offers wide range of welding equipments and accessories that include MIG torches, electrode holders, cable connectors, earth clamps or ground clamps, rotary ground clamps, chipping hammers as well as cutting systems, safety equipments, heating systems, gas regulators and manifolds.

Key features of Heavy Duty Rotary Ground Clamp with Brass Body are:

- Is available in a design of 500 Amps to 1000 Amps
- Efficient grounding of rotating object
- Easy connectivity to welding fixture
- Outer face revolves with ferris wheel type action
- One/ two cable connectivity
- Tension spring to ensure maximum contact between conducting surfaces
