

DOUBLE SIDED PP TAPE / NOSE COMFORT FOAM STRIPS

adfix®

An ISO 9001:2008 certified company established in 1984, has a highly technical team. With several manufacturing units and world class technology we bring to you one of the finest double sided tapes in the industry.

With hot melt rubber based adhesive the bond is REALLY REALLY strong. The adhesive is imported and of medical grade.

We produce this fine range of double sided tapes on a German coating line. They are cut to order specific size on Korean design slicing machines.

With suppliers across the globe we bring the world closer to you. We also cater to various other industries for their self adhesive requirements.

adfix is proud to announce a new range of PP tapes for the surgical drapes, gowns and other hospital disposable outer wear. Our products have been tried, tested and approved by the leaders of the industry.

We also make various other tapes for the medical industry.

Grades Available	Peel adhesion to steel @180	Rolling ball tack	Release Paper Colour
3084	2450 - 2550gms/ per inch	12.5cms	Turmeric Yellow

Advantages of **adfix** range of double side PP tapes:

- Non Skin Irritant and Non Toxic Adhesive.
- Uniform Adhesive coating provides a perfect bond through out the garment.
- Special Adfix rubber roller gives you even and sufficient pressure for optimum pasting.
- Our tapes are ETO and Autoclave sterilize capable.
- Excellent Adhesion to Non Woven Substrates (PP/ SMS/ SMMS/ SMMMS).
- PP film carrier, making your gown/ drape completely recyclable (unlike tissue paper tape)
- Instant Adhesion to operation/ surgical gowns and drapes. The adhesion value increase with pressure and time.
- Transparent film with transparent adhesive to give the perfect International look to the drape/gown.
- All the grades are available of the shelf.
- You can get a central excise gate pass to avail CENVAT.

Our latest offering to the industry is the NCFS (Nose Comfort Foam Strip) for various types of masks., including the vizor masks. These can be die cut to your special sizes and you may order in two colours i.e. light grey and dark grey. The foam strip elevates the comfort level of the user over a prolonged usage of the masks. Please do ask us for samples.
