## Ultratorch® Model UT-35

A professional

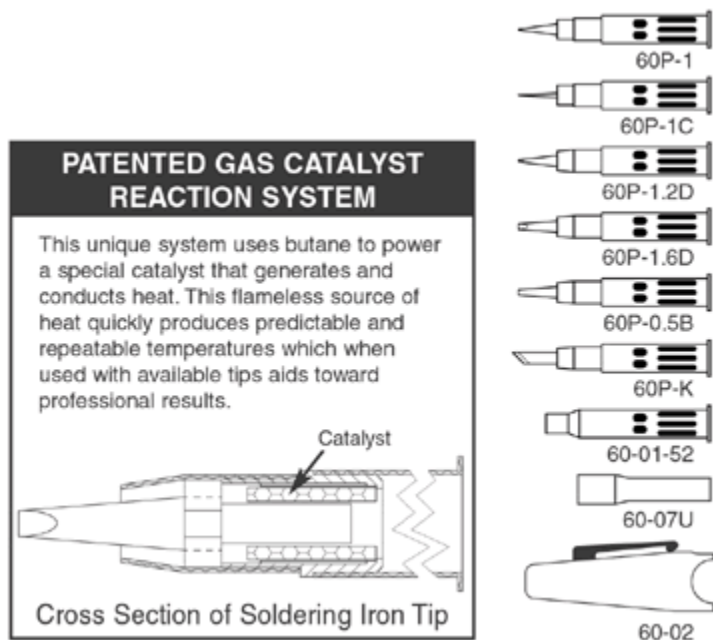

quality, economical Ultratorch

- Standard with UT-35 iron with protective cap and a unique 1.6mm chisel type preheat tip mounted.
- Completely portable, lightweight and easy to handle, does not require cords, batteries or cartridges.
- Adjustable temperature control quickly regulates power to the tip, equivalent to a 20-60 watt electric soldering iron.
- Features unique iron plated, multifunction, corrosion resistant, preheat solder tips which work as both a soldering and flameless heat tip at the same time.
- Unique tips heat up quickly and last longer.
- Built-in window indicates fuel level.
- Refill with Master Ultratane® Butane for best performance.
- GS/TUV Listed for user safety
- Use to pinpoint heat, remove surface mount components, repair vinyl, shrink heat shrinkable tubing, solder & desolder, spot dry, strip insulation with hot knife and more

## ORDERING INFORMATION

MODEL NO.	DESCRIPTION
UT-35	Professional quality, entry level, butane gas powered soldering iron/torch/heat tool & 1.6mm chisel preheat tip
