

## Flat Cables

Flat cables are best suited for festooning, gives extra life, due to flexibility of the cables and gives good look to the crane. Needs less space compared to use of Round cables for parking of trolleys. We maintain stock of standard cables as given below :

- A core cable - from 1.5 sq mt to 6 sq mt
- Pendant cable 1.5 sq mt x 16 core
- 4 core EPR cables 1.5 sq mt x 6 sq mt
